# WHAT'S INSIDE MATTERS<sup>®</sup>

---

SPRING 2014 CATALOG

**WHAT'S INSIDE MATTERS®**

There's something in our DNA and in our collective consciousness. It's in our walls, halls, workers, and machines. It makes us different from everyone else out there. It has for over 100 years. And will, for the next 100.

To some, it might look like we're fixated, obsessed. And we'll own up to that. Because all of that focus, the repetition, the tinkering, testing, and what looks like head-banging-against-the-wall – that's what it looks like when you're going after something big.

And when it comes to chasing down dependability, we just can't help ourselves. It's what we've done for years. It inspired us way back when and it inspires us now.

**It's what we're made of.**

# AMERICAN Pride

## From our backyard to your front door

At the core of every American home are appliances that bring special occasions to life and keep everyday events running smoothly. So when you hear that Maytag brand offers products designed, engineered and assembled in the U.S.A., it means our employees get it. Because when they aren't using appliances, they're creating them.

# PINNACLE OF DEPENDABILITY

Recreating secret family recipes, keeping superhero blanket capes ready for action and serving holiday dinners on grandma's china. Your family depends on you, and that's why you trust us with the truly important things. We build our appliances with durable parts that stand up to all of life's adventures, and we back them up with our best warranties.

With Maytag brand in your home, you're free to focus on what really counts.

Visit [maytag.com](http://maytag.com) for warranty details. Parts vary by model.

## PowerWash<sup>®</sup> system

# BEST CLEANING IN THE INDUSTRY\*

Your wardrobe is an expression of you. That's why select washers come fully equipped with the PowerWash<sup>®</sup> system to make sure you have the Best Cleaning in the industry\* at your side, load after load.

# 1

### PowerSpray technology

Water and detergent are sprayed directly onto clothes early in the cycle for enhanced cleaning. This unique technology delivers enhanced cleaning performance by ensuring that detergent is evenly distributed throughout the load.

# 2

### Optimal dispensing

Maytag brand optimal dispensers provide enhanced cleaning performance. The dispensers release detergent and other additives at the right time for better cleaning.

# 3

### PowerWash<sup>®</sup> cycle

The PowerWash<sup>®</sup> cycle uses a combination of extra cleaning action and a thorough rinse to help remove even your toughest stains and deliver the Best Cleaning in the industry.\*

Note: Not all features are available on all models.  
Models shown: MHW8000AG & MVWB980BG. Maxima XL™ washer shown with 15.5" pedestal, model XHPC155XG.  
\*For Bravos XL™ washer models MVWB980B and MVWB880B, among leading top load brands, comparable cycles and default settings. For Maxima XL™ washers: among leading front load brands, comparable cycles and settings.

# Maxima XL™

High-Efficiency Front Load Laundry Pairs

Models shown: MHW8000AG & ME/GD8000AG  
Shown with 15.5" pedestals, model XHPC155XG

**Best Cleaning in the Industry\***

Get the Best Cleaning in the industry\*—in hot or cold water. The PowerWash® cycle delivers the best hot water cleaning while the Cold Wash cycle is the best in cold. Whether it's hot or cold, you can give your clothes the best cleaning\* with a Maxima XL™ washer.

**Overnight Wash & Dry**

Wash and dry a small load of laundry right in the washer.\*\* Whether it's a last-minute wardrobe change or a kid's jersey that has to be ready first thing, you can sleep easy while laundry practically does itself. Start the Overnight Wash & Dry cycle before you go to sleep, and clothes are ready to wear the next morning.

**Best Drying in the Industry†**

Quad baffles and Advanced Moisture Sensing combine for quick and even drying to provide the Best Drying Performance available for any size load.†

**10-Year Limited Parts Warranty††**

All new Maxima XL™ washers include a 10-year limited parts warranty on the washer motor and the stainless steel wash basket.†† Because these two important parts are covered, you won't have to worry about stocking up on quarters for the laundromat.

Visit maytag.com for warranty details.

**SoundGuard® Stainless Steel Dryer Drum**

The stainless steel drum is layered with sound-dampening material to offer quieter tumbling even when noise is generated by hard objects like coins, buckles and buttons.

NOTE: Not all features are available on all models.  
 \*Among leading front load brands, comparable cycles and settings. \*\*Based on a 2-lb load of lightweight fabrics, 12-hour cycle.  
 †Among front load brands, based on equal weighting of time and energy to reach a set dryness level, 18-lb load, heavy duty cycle. ††Visit maytag.com for warranty details.

# Maxima X™

High-Efficiency Front Load Laundry Pairs

Models shown: MHW4200BG & ME/GD4200BG  
Shown with 15.5" pedestals, model XHPC155XG

### PowerWash® Cycle

The PowerWash® cycle combines extra cleaning action, heated water, extended wash time, stain-releasing steam and thorough rinsing for the perfect defense against the tough and heavy soils your life brings on.

### Fresh Spin™ Option

For those times when you can't move your clothes to the dryer right away, we offer the Fresh Spin™ option. The washer periodically tumbles wet clothes for up to six hours after the cycle's end to help keep clean clothes fresh.\*

### Evenly Dries Your Largest Loads\*\*

The extra-large 7.4 cu. ft. capacity provides enough space to evenly dry your largest loads\*\* straight from the washer.

### 10-Year Limited Parts Warranty†

Maytag® Maxima X™ washers include a 10-year limited parts warranty on the washer motor and the stainless steel wash basket.† Laundry doesn't do itself, but when two of the most important components of the washer are covered for 10 years, it will always get done.

Visit [maytag.com](http://maytag.com) for warranty details.

### Steam-Enhanced Dryer Cycles

Effectively relaxes wrinkles and refreshes clothes with a fine mist that's sprayed into the heated drum as it tumbles to create steam that penetrates fabric fibers.

# Bravos XL<sup>®</sup>

High-Efficiency Top Load Laundry Pairs

### Best Cleaning in the Industry\*

Select washers deliver the Best Cleaning in the industry,\* enabled by the PowerWash® system. The PowerWash® system uses our unique PowerSpray technology, optimal dispensers and the PowerWash® cycle to help power out even the toughest stains.

### 10-Year Limited Parts Warranty\*\*

Bravos XL® washers include a 10-year limited parts warranty on the washer motor and the stainless steel wash basket.\*\* Because these two important parts are covered, you won't have to worry about stocking up on quarters for the laundromat.

Visit [maytag.com](http://maytag.com) for warranty details.

### Maytag® Commercial Technology

Maytag brand washers are known for their dependability. The new Bravos XL® washers continue that legacy with long-lasting, commercial-grade components such as corrosion-resistant springs, a Direct Drive motor and a durable IntelliClean™ impeller.

### Steam Enhanced Dryer Cycles

The Steam Boost option adds a fine mist that is sprayed into the dryer during the cycle to create steam that helps smooth wrinkles. It is available on all cycles and can be used with high, medium-high or medium heat settings.

### Evenly Dries Your Largest Loads†

Worrying about whether you have the space to dry all your clothes is a thing of the past. With an enormous 7.3 cu. ft. capacity dryer, you have enough space to evenly dry your largest loads.†

\*For Bravos XL® washers MVWB980B and MVWB880B: among leading top load brands, comparable cycles and default settings. \*\*Visit [maytag.com](http://maytag.com) for warranty details. †Based on testing of an 18-lb load.

# Bravos X<sup>®</sup>

High-Efficiency Top Load Laundry Pairs

### Best Cleaning in its Class\*

This washer delivers the Best Cleaning in its class,\* enabled by the PowerWash® cycle. This cycle helps free your clothes from even the toughest stains.

### 10-Year Limited Parts Warranty\*\*

Bravos X® washers are backed by a 10-year limited parts warranty on the stainless steel wash basket and the washer motor.\* Laundry doesn't do itself, but when two of the most important components of the washer are covered for 10 years, it will always get done.

Visit [maytag.com](http://maytag.com) for warranty details.

### Fountain™ Impeller

This unique impeller repeatedly scoops up water and detergent from the bottom of your washer and moves it upwards through your clothes.

### Deep Water Wash Cycle

A Deep Water Wash cycle lets you add more water to your wash when you need it.

### Evenly Dries Your Largest Loads†

The GentleBreeze™ drying system with IntelliDry® sensor quickly and efficiently dries clothing with consistent results. As clothes move around the dryer drum, air moves in a counterclockwise loop to thoroughly dry the entire load, so you can count on even drying.†

NOTE: Not all features are available on all models. \*Among leading top load brands, 4.0 cu. ft. capacity or less, comparable cycles and default settings. \*\*Visit [maytag.com](http://maytag.com) for warranty details. †Based on testing of a 16-lb load.

# Centennial<sup>®</sup>

Top Load Laundry Pairs

**PowerWash® Cycle**

The PowerWash® cycle uses a combination of extra cleaning action and a thorough rinse to help remove even your toughest stains.

**Fountain™ Impeller**

This unique impeller repeatedly scoops up water and detergent from the bottom of your washer and moves it upwards through your clothes.

**Maytag® Commercial Technology**

Maytag brand washers are known for their long-lasting dependability. The new Centennial® washers continue that legacy with components like a commercial-grade motor, synthetic oil and corrosion-resistant springs.

**Get More Water When You Need It**

Whether it's a load size option or a Deep Water Wash cycle, Centennial® models let you add more water to your wash when you need it.

**GentleBreeze™ Drying System**

The GentleBreeze™ drying system with the IntelliDry® sensor quickly and efficiently dries clothing with consistent results. As clothes move around the dryer drum, air moves in a counterclockwise loop to thoroughly dry the entire load, so you can count on even drying.\*

# Specialty Laundry

## DependableClean™ Wash System

The LoadFlex™ agitator rolls clothes in a 100° arc through the wash and rinse cycles to provide reliable cleaning, wash after wash.

## Commercial-Grade, Stainless Steel Wash Basket

Resists chips, scratches and odors. Super-tough stainless steel maintains a smooth surface so it won't snag or pill fabrics.

## Metallic Console Styling

Metallic knobs highlight the strong, dependable console.

\*Based on the Consortium for Energy Efficiency qualifying product list. Visit ceel.org for more information.

Feature glossary can be found on page 42.

Accessories can be found on page 146.

NOTE: Not all features are available on all models.

**#****10-Year Limited Parts Warranty\***

Some Maytag® washers and dryers include select components backed by a 10-year limited parts warranty† for long-lasting performance.

**2X Life Tested\*\***

Select Maytag brand laundry parts are tested to twice the average life expectancy to help ensure years of dependability.

**A****Advanced Moisture Sensing**

Select dryers use three sensors to monitor incoming and outgoing air temperatures and moisture levels to virtually eliminate overdrying and help save you money.

**Advanced Vibration Control™**

The suspension system minimizes wash drum movement during the spin cycle, and features additional padding to muffle noise and cushion vibration. Plus, enhanced software adjusts load distribution to reduce vibration and noise.

**Advanced Vibration Control™ Plus**

Enhanced with a combination of two ball-bearing balance rings, a six-point suspension system and advanced software, this easily handles the vibration of almost any load size.

**Allergen Cycle**

Select washers feature an allergen cycle that eliminates at least 95% of common allergens from fabrics like dust mites and pet dander.

**C****CEE Qualified**

All models that meet the Consortium for Energy Efficiency (CEE) standards are efficient, with the most efficient products qualifying as Tier 3.† Select markets qualify for CEE Tier rebates. Consult your local utility company for availability.

**Clean Washer Cycle**

This special cycle helps rid the wash basket and tub of odor-causing buildup. Add affresh® Washer Cleaner to enhance results.

**Cold Wash Cycle**

Extra cleaning action combines with PowerSpray technology and active soak to power out tough stains like wine, chocolate and ground-in dirt in cold water. Get the performance of a warm water wash with the energy savings of cold water.

**Commercial-Grade 5-Rib Dryer Belt**

The industry's widest dryer belt stays strong to last long on Maytag® dryers.

**Commercial-Grade Glass Window**

Strong scratch- and shatter-resistant glass on select lids and doors allows you to see your laundry as it washes and dries.

**Commercial-Grade Motor**

Extra power makes it possible to tumble larger loads with less wear on the motor of select dryers.

**Control Lock**

When activated, this feature prohibits unwanted changes from occurring due to accidental operation.

**Custom Refresh with Steam Cycle**

A fine mist is sprayed into the heated dryer drum as it tumbles, creating steam to help touch up loads that have been left in the dryer too long. The cycle ends with a brief cool down period.

**D****Deep Water Wash Cycle**

A Deep Water Wash cycle lets you add more water to your wash when you need it.

**Deep Clean with Heat**

By selecting this option, the internal water heater on select washers maintains water temperature throughout the entire wash cycle. This reduces the need for pretreating while enhancing cleaning performance.

**Delay Start Option**

Automatically starts the washer at a later time to accommodate your schedule and take advantage of reduced energy rates where available.

**DependableClean™ Wash System**

Keeps clothes looking their best. The LoadFlex™ agitator produces an oscillating 100° arc wash motion that rolls clothes through the wash and rinse cycles to provide a reliable clean, wash after wash.

**Digital LED Display**

Bright white, energy-efficient display lighting allows for easy viewing.

**Direct Drive Infinite Speed Motor**

Magnets propel the washer motor, assuring infinite wash, tumble and spin speeds of up to 1,360 RPM. Plus, the motor's 18 lb UL capacity rating is commercial-grade.

**Direct Fill Steam Reservoir**

A Y-connector delivers water from the cold water inlet directly to the dryer. It eliminates the need to fill a reservoir in dryers that feature steam cycles. Included with all steam dryers.

**DuraCushion™ Dryer Drum**

Provides a smooth, scratch-resistant surface for less friction and wear. Clothes gently glide along its surface without snagging or pilling.

**E****ENERGY STAR® Qualified**

An ENERGY STAR® qualification means the appliance exceeds the federal minimum efficiency standards as set forth by the Environmental Protection Agency and the U.S. Department of Energy, helping save money on utility bills.

**Enhanced Airflow Monitor**

Checks for any restrictions of airflow at the start of every cycle, then provides a convenient visual display of the dryer's venting performance.

**F****Fountain™ Impeller**

This unique impeller repeatedly scoops up water and detergent from the bottom of your washer and moves it upwards through your clothes.

**Fresh Hold® Option**

The Fresh Hold™ option uses a built-in fan and tumbling action to keep clothes fresh.

**Fresh Spin™ Option**

Clothes periodically tumble for up to six hours after cycle's end to remain fresh even if you don't move them to the dryer right away.

**G****GentleBreeze™ Drying System**

Quickly and efficiently dries clothing for more consistent results.

**H****High-Efficiency Dryer**

Uses less energy with multiple sensors that stop clothes when they're dry instead of prolonging the cycle for optimal efficiency.

**I****IntelliClean™ Impeller**

A wash plate with fins continuously moves clothes through the water, effectively cleaning without the use of an agitator.

**IntelliDry® Sensor**

Measures moisture levels as clothes dry to minimize the risk of overdrying. Clothes come out dry, yet cool to the touch.

**IntelliFill™ Water Level Sensor**

Built-in sensors match water usage to load size, saving both water and money.

**L****LoadFlex™ Agitator**

Flex fins and a spiral design massage clothing to wash away dirt, keeping whites white and colors bright.

\*Visit maytag.com for warranty details. \*\*For specific 2X Life parts, see specification charts.

†Based on the Consortium for Energy Efficiency qualifying product list. Visit cee1.org for more information.

**M****Max Extract™ Extended Spin Option**

Accelerates the load's final spin to remove moisture and reduce drying time.

**Maytag® Commercial Technology (MCT)**

Select Maytag brand washers and dryers feature long-lasting, commercial-grade components for your home, delivering a lifetime of strength and dependability.

**O****Optimal Dispensing**

Select Maytag® washers provide enhanced cleaning performance thanks to dispensers that release detergent and other additives at the optimal time.

**Optimal Dose Dispenser**

Works in unison with PowerSpray technology to supply the perfect mix of detergent and water throughout the beginning of the wash cycle. This provides significantly better cleaning performance while using less detergent. The dispensing compartment holds up to 12 loads of detergent.††

**Oxi Treat Option**

Automatically dispenses oxygenated stain-fighting liquid or powder pre-treater at the right time to tackle tough stains.

**P****Porcelain-on-Steel Wash Basket**

Resistant to scratches, stains and odors, this wash basket provides a smooth wash surface.

**PowerSpray Technology**

This exclusive technology ensures even detergent distribution for enhanced cleaning performance. A mixture of detergent and water is sprayed directly onto clothes to instantly start cleaning soils and stains.

**PowerWash® Cycle**

The PowerWash® cycle uses a combination of extra cleaning action and a thorough rinse to help remove even your toughest stains and deliver the Best Cleaning in the industry‡ on select washers.

**PowerWash® System**

The PowerWash® system uses our unique PowerSpray technology, optimal dispensers and the PowerWash® cycle to help remove even the toughest stains.

**Q****QuietSeries™ Sound Package**

Available on laundry pairs, specially designed sound absorbers and dampeners reduce noise for quieter operation and less household disruption.

**R****Rapid Dry Cycle**

Dry a small load quickly. This cycle tumbles clothes at high heat for less than 30 minutes and is ideal for sturdy, lightweight fabrics.

**Reduce Static Option**

Steam is introduced at the end of the cycle to help reduce static in the load.

**Refresh with Steam Cycle**

Reduces wrinkles and removes odors in as little as 15 minutes. A fine mist is sprayed into the heated dryer drum as it tumbles to create steam. The cycle ends with a brief cool down period.

**S****Sanitary Cycle with Oxi and Steam**

Wash temperature is increased and Oxi is added to remove 99.9% of household bacteria.††

**Smooth Balance™ Suspension System**

Reduces vibration and noise in the washer, keeping loads balanced while spinning at top performance. In the dryer, drum rollers work with drum glides for quiet operation and low vibration.

**SmoothClose™ Lid**

Keeps the lid on select washers from slamming shut, protecting fingers and eliminating unwanted noise.

**SoundGuard® Stainless Steel Dryer Drum**

This special stainless steel drum is designed to help reduce noise made by zippers, buttons and other hard objects while tumbling.

**Stainless Steel Wash Basket**

Resists chips, scratches and odors. Durable stainless steel maintains a smooth surface so it won't snag or pill fabrics. Select washers feature a tilted basket for easier access.

**SteamClean Option**

A boost of steam penetrates deep into fabric fibers to lift out and eliminate ground-in dirt and set-in soils for a more thorough clean.

**Steam for Stains Option**

Available with select wash cycles including Allergen and PowerWash®, this option uses a combination of water temperature and steam to provide the optimal environment for detergent enzymes to work on removing organic stains.

**W****Water Save Spray Rinse Option**

For improved energy efficiency, this option minimizes water use during spinning by spraying the load instead of filling up the washer.

**Wrinkle Prevent Option**

The dryer continues to tumble after clothes are dry, without heat, to help prevent wrinkles from setting in.

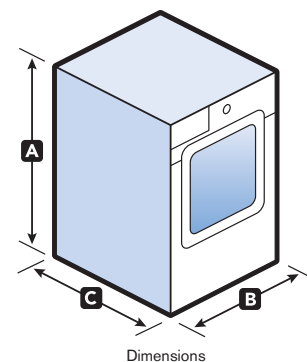

**Z****Zinc-Coated, Corrosion-Resistant Springs**

These commercial-grade, corrosion-resistant springs contribute to the dependable cleaning performance of Maytag brand's Better Built washers.

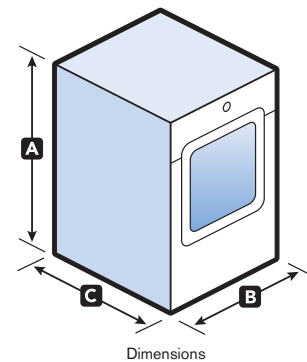

**Zinc-Coated, Tuned Leveling Legs**

Specially designed leveling legs minimize vibration during high washer spin speeds.

Refrigerators

### Cool Core™ Temperature Management

When it comes to consistent cooling, the new Ice<sub>2</sub>O® refrigerator has more at the core. With Cool Core™ temperature management, electronic sensors monitor temperatures and let the heart of the machine—the Better Built compressor—work with the Dual Cool® evaporators to send the right kind of cold just where you need it. So you can depend on fresh and frozen food staying its best.

### 10-Year Limited Parts Warranty\*

Select Maytag® refrigerators are backed by a 10-year limited parts warranty\* on the compressor. It is the most vital component of the refrigerator and acts as the engine that keeps food cold.

Visit [maytag.com](http://maytag.com) for warranty details.

### Store-N-Door® Dispensing System

By putting the ice bin in the door, we've given you the space to fit more groceries in the refrigerator. The ice bin is also removable, making it perfect for filling large containers, blenders for smoothies and more.

### Temperature-Controlled Wide-N-Fresh™ Deli Drawer

This drawer gives you the convenience to tackle after-school or late-night snack attacks. Complete with temperature controls, it is the ideal size for large party platters and deli trays.

### Easy Access Freezer Storage System

With the new Dual Level Flex Divider, we've got your freezer storage needs down cold. Designed to divide the freezer space for more flexible organization, this special compartment provides easy, adjustable access to frozen favorites by moving from one side to the other. There's even in-door pizza storage specifically designed to keep a quick meal within easy reach.

# Bottom-Freezer

## Refrigerators

### Clear Deli Drawer

From bacon to bologna, keep all of your sandwich fixings in one spot. This drawer is the perfect place to store deli meat and cheese.

### Humidity Controlled FreshLock™ Crispers

Provides dependable storage for produce with humidity controls to help preserve the freshness of fruit and vegetables.

### Spill-Catcher™ Glass Shelves

The sealed edges of these glass shelves help contain spills for quick and easy cleanup.

Refrigerators

### 10-Year Limited Parts Warranty\*

Select Maytag® refrigerators are backed by a 10-year limited parts warranty\* on the compressor. It is the most vital component of the refrigerator and acts as the engine that keeps food cold.

Visit [maytag.com](http://maytag.com) for warranty details.

### Humidity Controlled FreshLock™ Crispers

These sealed crispers give you plenty of storage space, while the humidity control helps prolong the freshness of your fruits and vegetables.

### Industry-Exclusive Full-Width Fold-Away Shelf

The shelf's design makes it easy to store taller items on the shelf below. Unlike other brands, the fold-away section extends the entire width of the shelf, so you'll always have room for tall bottles and pitchers.

### Up-Front Electronic Controls

Placing the electronic controls at the front of the refrigerator makes it easy to adjust the temperature without having to move stored items out of the way.

### FreshFlow™ Produce Preserver

Produce preserver packets used in the crisper help absorb the ethylene gas that causes fruit and vegetables to over ripen, and helps produce stay fresher longer. Replace packet every six months for optimal performance.

**Bold type indicates step-up feature**

**#****10-Year Limited Parts Warranty\***

Some Maytag® refrigerators include select components backed by a 10-year limited parts warranty† for long-lasting performance.

**2X Life Tested\*\***

Select durable Maytag brand parts are tested to twice the average life expectancy to help ensure years of dependability.

**A****ADA Compliant**

Refrigerators with this feature meet standards set by the Americans with Disabilities Act for push/pull force, height and reach, and must be installed in compliance with current ADA Standards.

**Adaptive Defrost**

Saves energy by monitoring and minimizing the length of defrost cycles.

**Adjusti-Temp™ Deli Drawer**

Helps preserve freshness of meat, cheese and other deli items by allowing cool air from the freezer to enter the drawer at an adjustable level.

**B****Better Built Components**

Select Maytag® appliances feature certain components that are Better Built, providing the enhanced performance Maytag brand is known for.

**Better Built Compressor**

As the heart of the refrigerator, this Better Built compressor is engineered to deliver consistent performance for years of dependable cooling.

**Beverage Chiller™ Compartment**

Keeps gallon-size containers of milk, juice or other drinks up to 4°F colder than the rest of the refrigerator.

**Beverage Organizer™ Rack**

Opens up shelf space and keeps beverage cans and bottles neatly organized.

**BrightSeries™ Lighting Package**

Provides improved lighting for a brighter interior.

**C****CEE Qualified**

All models that meet the Consortium for Energy Efficiency (CEE) standards are efficient, with the most efficient products qualifying as Tier 3.† Select markets qualify for CEE Tier rebates. Consult your local utility company for availability.

**Control Lock**

When activated, this feature prohibits unwanted changes from occurring due to accidental operation.

**Cool Core™ Temperature Management**

Electronic sensors work with the Better Built compressor and Dual Cool® evaporators to send the right kind of cold just where you need it.

**Counter Depth Styling**

Fits virtually flush with surrounding cabinetry for an integrated kitchen design. Creates a built-in appearance without the built-in price while eliminating installation hassles.

**D****Direct Chill Ice System**

Dependably produces and stores ice by directing freezer air into the sealed icebox.

**Dual Cool® Cooling System**

Two thermostats closely monitor each compartment to help minimize wide temperature fluctuations.

**Dual Cool® Evaporators**

So you can depend on your fresh and frozen food staying its best, Dual Cool® evaporators generate separate humidity levels in the refrigerator and freezer.

**Dual Temperature Zones**

This specialty feature in the Beverage Center stores wine at an optimal temperature while also chilling other beverages at a different temperature.

**E****Easy Access Freezer Storage System**

Our Dual Level Flex Divider gives you easy access to frozen favorites, moving from one side to the other for flexible organization. There's even in-door pizza storage specifically designed to keep a quick meal within easy reach.

**Easy Access Refrigerator Drawer**

The fully extendable Easy Access refrigerator drawer holds up to five bags of groceries and provides accessibility even in the back. Two removable, adjustable dividers and one organizer create flexible storage options. Plus, this convenient counter-height drawer is easily accessible to the whole family, including children.

**EasyGlide™ Shelves**

These adjustable glass shelves slide in and out with minimal effort, making it easy to access items stored in the back of the refrigerator.

**EcoConserve® Refrigerators**

Exceeding federal minimum energy standards by 30%, these extra-efficient refrigerators are rated Tier 3† qualified by the Consortium for Energy Efficiency (CEE) and help save even more money on utility bills.

**ENERGY STAR® Qualification**

An ENERGY STAR® qualification means the appliance exceeds the federal minimum efficiency standards as set forth by the Environmental Protection Agency and the U.S. Department of Energy, helping save money on utility bills.

**Exterior Temperature Controls**

Located on the outside of the refrigerator, these convenient controls can be adjusted without even opening the door.

**External Filtered Ice and Water Dispenser**

Allows easy access to ice and chilled water, even for tall glasses and pitchers.

**Extra-Deep Gallon Door Bins**

These extra-large door bins store gallon-size containers and more. Bins are removable and adjustable for flexible loading and quick cleaning.

**F****Fast Cool and Max Cool**

*See Speed Cool Option.*

**Fast Ice**

Produces ice at an accelerated rate to help ensure there's always ice on hand.

**Fill-N-Chill™ Dispenser**

Conveniently dispenses ice and water at the same time, helping to lower the amount of time you spend standing at the dispenser.

**Flip-Up Utility Shelf**

Located in the refrigerator door, this convenient shelf can securely hold smaller items. It can also be flipped up to store taller items like ketchup and bottles of wine on the shelf or in the bin below.

**Foam-in-Place Insulation**

Keeps cold air in and warm air out, helping to maintain temperatures and save energy.

**FreshFlow™ Air Filter**

15 times more powerful than baking soda at reducing common food odors in the refrigerator. Replace every six months.

**FreshFlow™ Produce Preserver**

Helps absorb the ethylene gas that causes fruits and vegetables to over ripen, helping produce stay fresher longer. Replace packet every six months.

**FreshLock™ Crispers**

The full-size design of these crispers provides ample storage for produce. Select crispers also feature humidity control.

**G****Gallon Door Bins**

Sturdy, gallon-size door bins provide a simple solution for storing large items like bottles, jugs and containers. Remove and adjust them for flexible storage needs and easier cleaning.

**H****High-Temperature Alarm**

Monitors the refrigerator and freezer compartments to ensure they don't rise above 50°F or 15°F, respectively. If either compartment rises above the temperature threshold for a specified time, the light on the screen will illuminate until the alarm is reset.

**L****LCD Display**

Easily see settings and options (on select models) with this convenient screen.

**LED Interior Lighting**

These long-lasting lights are engineered to cast a brighter, more natural light so it's easier to see your food. They also use less energy than incandescent lighting.

**M****Measured Fill Option**

This feature accurately dispenses the perfect amount of water in ounces, cups or liters.

**P****Precision Touch Electronic Controls**

Smooth, sleek controls make choices easy with the touch of a button. It's simple to change the interior temperature or get cubed or crushed ice from the dispenser.

**PUR® Water and Ice Filter with Indicator Light**

Reduces contaminants from household water while retaining fluoride, giving you filtered water from your refrigerator for up to six months.† The indicator light lets you know when it's time to change the filter.

**PureChill™ Internal Water Dispenser**

Features a water dispenser inside the refrigerator cabinet for cold, fresh water at any time.

**Q****Quad Cool® Cooling System**

Four thermostats closely monitor the refrigerator and freezer compartments, the ice maker and exterior temperatures to help minimize wide temperature fluctuations.

**R****Ramp-Up LED Lighting**

Ramp-up LED lights reach their full output in stages, for a more premium experience. These LED lights use less energy, produce less heat than incandescent lighting and deliver long-lasting performance.

**Reliable Electronic Touch Controls**

These easy-to-use touchpad electronic controls offer precise temperature adjustment.

**Right Size Ice Cubes**

These smaller ice cubes are more compact than normal ice, making them an ideal fit for refillable water bottles and easier to blend for smoothies.

**S****Sabbath Mode**

Side-by-side models: When activated, all control lights and the night-light will be disabled until the feature is turned off. Bottom-freezer and Ice2O® models: When activated, all control lights, interior lights and alarm tones will be disabled.

**Service Indicator Light**

This light conveniently alerts you when the ice maker unit may need service.

**SmoothClose™ Freezer Drawer Track System**

This dependable drawer design makes storing and accessing frozen food easy. Opens and closes effortlessly and holds up to 120 lbs of food.

**Speed Cool Option**

Speed Cool unleashes a cold blast of air to your refrigerator, giving you an easy way to get your food to the perfect temperature. So you can load up your fridge, then quickly cool it down.

**Spill-Catcher™ Shelves**

Spill-Catcher™ shelves have sleek metal-trimmed edges that help keep leaks and spills from becoming a big mess. Select shelves slide out for convenience.

**Store-N-Door® Ice Dispensing System**

In select french door models the ice bin is in the door for more usable refrigerator storage space and easier access for filling large containers.

**Store-N-Door® Plus Ice Dispensing System**

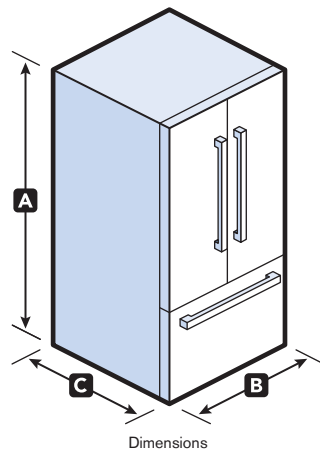

In select side-by-side models ice production and storage is in the freezer door, creating 30% more usable space, compared to 25 cu. ft. Maytag® side-by-side refrigerators with conventional ice makers.

**Strongbox™ Hinge Design**

Provides structural integrity for the door frame, keeping doors aligned and reducing cold air loss.

**W****Wide-N-Fresh™ Deli Drawer**

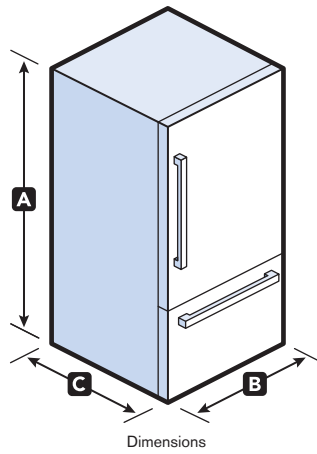

This drawer is the ideal size for large party platters, deli trays and snacks. Most models feature temperature controlled drawers.

Traditional  
Control Dishwashers

**88**

# Dishwashers

### 2X Life\* Tested Motor

Maytag® dishwashers are Better Built with the industry's most powerful motor available.\*\* These motors have been tested to twice the average dishwasher life expectancy\* to deliver years of dependable cleaning.

### 10-Year Limited Parts Warranty†

The 4-blade stainless steel chopper, nylon racks and stainless steel tub on select dishwashers are all backed by a 10-year limited parts warranty† for dependable, long-lasting performance.

Visit [maytag.com](http://maytag.com) for warranty details.

### Jetclean® Plus Steam Cycle

Cleans everything from your messiest pans to your finest stemware. High pressure spray jets and increased temperatures power off tough, stuck-on food while finishing steam helps clean and reduce spots on glassware.

### 100% Stainless Steel Tub

This attractive, 100% stainless steel tub retains heat from wash and rinse cycles to promote drying of the dishes. The stainless steel tub also cools faster than your dishes, which helps draw moisture to the tub walls, helping prevent spots on glassware and water drops on plastic containers.

### Tiered Upper Rack

With an improved design, this tiered upper rack holds tall items like oversized glassware and 9" plates. Plus, the improved design creates more room in the lower rack, allowing you to vertically place large, 9" x 13" pans for ultimate dish loading flexibility.

Accessories can be found on page 150.

**#****10-Year Limited Parts Warranty<sup>†</sup>**

Some Maytag<sup>®</sup> dishwashers are backed by a 10-year limited parts warranty<sup>†</sup> on the nylon racks, stainless steel tub and 4-blade stainless steel chopper for long-lasting performance.

**100% Stainless Steel Tub**

This attractive, 100% stainless steel tub retains heat from wash and rinse cycles to promote drying of the dishes. The stainless steel tub also cools faster than your dishes, which helps draw moisture to the tub walls, helping prevent spots on glassware and water drops on plastic containers.

**2X Life Tested<sup>††</sup> Motor**

Maytag<sup>®</sup> dishwasher motors have been tested to twice the average dishwasher life expectancy<sup>††</sup> to deliver years of dependable cleaning.

**30-Day Quiet Guarantee<sup>‡</sup>**

If customers are not completely satisfied that their new dishwasher is quieter than their previous model, select models may be returned within 30 days of the date of purchase for a full refund.<sup>‡</sup>

**A****Adjustable and Removable Racks**

The racks can be adjusted to customize each load or completely removed for washing oversized items in the lower rack.

**Armor Gray Tub Interior**

Gray, durable plastic interior reduces the appearance of stains to keep the dishwasher looking clean longer.

**Auto Clean Cycle**

Gauges the soil level of the load, then automatically adjusts temperature, wash time and the number of fills accordingly for optimal cleaning without overusing resources.

**B****Ball Tip Rack Tines**

Rounded tips are gentle on dishes, helping to prevent them from being scratched.

**Better Built Components**

Select Maytag<sup>®</sup> dishwashers feature a 2X Life<sup>††</sup> tested motor and a stainless steel chopper blade that are Better Built to provide the enhanced performance Maytag brand is known for.

**C****Control Lock**

When activated, this feature prohibits unwanted changes from occurring due to accidental operation.

**D****Delay Start Option**

Automatically starts the dishwasher at a later time to accommodate your schedule and take advantage of reduced energy rates where available.

**E****ENERGY STAR<sup>®</sup> Qualification**

An ENERGY STAR<sup>®</sup> qualification means the dishwasher exceeds the federal minimum efficiency standards as set forth by the Environmental Protection Agency and the U.S. Department of Energy, helping save money on utility bills.

**Extra Dry Option**

Extends drying time by 20 minutes for 20% better drying performance versus normal cycle with heated dry.

**F****Fold-Away Tines**

Securely holds plates and bowls in place or folds flat to make room for larger items.

**Fully Integrated Controls**

This durable control panel is tucked away, providing a strong, sleek exterior that lowers the possibility of unintended use.

**H****Heated Dry Option**

Allows you to select a drying cycle that includes heat so dishes are dry when you put them away.

**Hi-Temp Wash Option**

Adds an extra rinse and elevates the temperature to 145°F by the end of the rinse cycle to help reduce water spots and remove any remaining particles.

**High-Pressure Spray Jets**

Creates increased water pressure to remove tough food particles.

**High-Side Lower Rack**

Holds two 9" x 13" pans in an upright position for greater loading flexibility.

**J****Jetclean<sup>®</sup> Plus Steam Cycle**

Cleans everything from your messiest pans to your finest stemware. High pressure spray jets and increased temperatures power off tough, stuck-on food while finishing steam helps clean and reduce spots on glassware.

**Jetclean<sup>®</sup> Plus Wash System**

Uses high-pressure spray jets to remove tough food particles. A stainless steel chopper blade pulverizes food, preventing particles from plugging the wash system and spray jets. The filtration system captures tiny food particles to prevent redistribution.

**L****Light-Item Clips**

Located in the upper rack, the curved clips provide gentle tension against the tine to secure lightweight items.

**P****Precision Clean<sup>™</sup> Turbidity Sensor**

Detects food soil, detergent, rinse aid and temperature. Adjusts to deliver optimum washing and rinsing action for superb cleaning results.

**Premium Dark DuraGuard<sup>®</sup> Nylon Racks**

These heavy-duty racks help protect dishes from scratches and damage while resisting rust.

**Premium Rack Glides**

Premium rack glides allow you to slide out the upper rack effortlessly, even under the weight of heavy dishes or baking pans.

**Q****QuietSeries<sup>™</sup> Sound Packages**

Specially designed sound absorbers and dampeners reduce noise for quieter operation and less household disruption.

**S****Split & Fit<sup>™</sup> Silverware Basket**

This silverware basket can be divided into two halves to fit almost any situation.

**Stainless Steel Chopper**

Pulverizes the food particles that come off your plates so they don't end up recirculating and sticking to your dishes.

**Steam Sanitize Option**

Sanitizes dishes with a high-temperature rinse that reduces 99.999% of food soil bacteria, then adds the finishing touch of steam.

**Strong Grip Tiered Upper Rack**

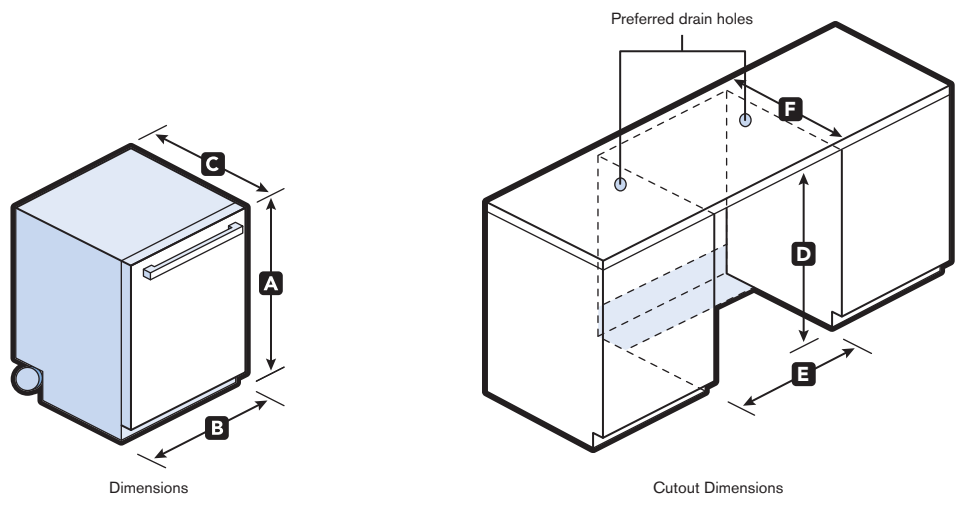

With an improved design, this rack makes room for tall items while providing easy access and a modern look with the durability and strength Maytag brand is known for.

**T****Tiered Upper Rack**

With an improved design, this upper rack holds tall items like 9" plates and glasses. It also creates enough room in the lower rack to vertically place two 9" x 13" pans.

**ToughScrub<sup>™</sup> and ToughScrub<sup>™</sup> Plus Options**

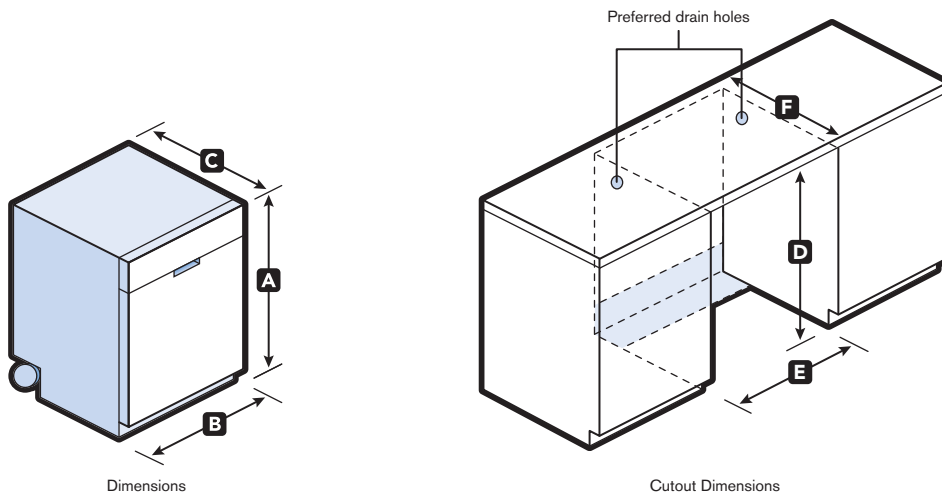

The ToughScrub<sup>™</sup> option maintains or raises the temperature to 145°F and increases wash time to power off dried-on, baked-on food. The ToughScrub<sup>™</sup> Plus option maintains or raises the temperature to 156°F and also incorporates steam as an added attack against difficult food soils.

### Induction Cooking Technology

Induction brings the speed of a gas range to a cooktop that is sleek and easy to clean. It heats the pan, not the surrounding cooktop, which makes cleanup easier and ultra efficient, too. Best of all, it rapidly and precisely delivers heat, speeding cooking so you'll have more time to enjoy the food you love.

### Power Preheat

Gemini® electric ranges combine the power of the bake and broil elements, convection fan and Power Vents to preheat up to 40% faster than full-size conventional Maytag® ovens.\*

**PowerPreheat**

### 10-Year Limited Parts Warranty\*\*

Components covered by this 10-year limited parts warranty\*\* include electric oven and cooktop elements and the glass cooktop, as well as the gas oven and cooktop burners and die-cast metal grates.

Visit [maytag.com](http://maytag.com) for warranty details.

### Power Center Cooktops

Power Center cooktops include a versatile configuration of four or five cooktop elements or burners built to provide the power and flexibility you've come to expect from Maytag brand.

# Freestanding

Ranges

### Large Capacity Oven

When a surprise visit turns the family dinner into a reunion, there's no need to worry. With 6.2 cu. ft. capacity, there's plenty of space for a main course on the lower rack and a couple side dishes above. Cooking big has never been so easy.

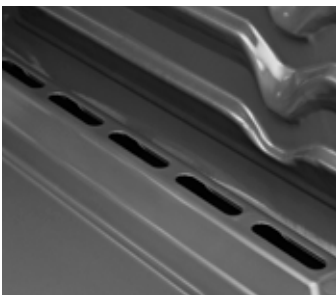

### 10-Year Limited Parts Warranty\*

Components covered by this 10-year limited parts warranty\* include electric oven and cooktop elements and the ceramic glass cooktop, as well as the gas oven and cooktop burners and die-cast metal grates.

Visit [maytag.com](http://maytag.com) for warranty details.

### Power Preheat

By combining the power of the bake and broil burners, convection fan and Power Vents, gas ovens preheat in just 6 minutes and electric in 8 minutes.\*\* This way, your meals can get to the table quicker.

### Power Center Cooktops

Power Center cooktops include a versatile configuration of four or five elements or burners built to provide the power and flexibility you've come to expect from Maytag brand.

### AquaLift® Self-Cleaning Technology

Get your oven clean in less than an hour with odor-free, low temperature AquaLift® self-cleaning technology. This innovative coating on the oven interior activates with water and heat to release tough baked-on soils from underneath so food and debris easily wipe away. Temperatures stay below 200°F as compared to ovens that require heat of up to 800°F during the self-cleaning cycle.

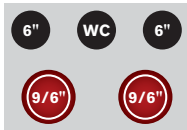

NOTE: Not all features are available on all models. \*Visit [maytag.com](http://maytag.com) for warranty details. \*\*Based on single rack baking with Power Preheat option vs. three-rack baking without option selected.

# Microwaves

Countertop and Over-the-Range

### Better Built Components

With a stainless steel interior, hidden vent and stainless finish handle,\* these microwaves provide a premium look and feature components that are built to last.

### 2.0 cu. ft. Capacity

Select microwave models can easily fit a 10" x 15" pan, so there's plenty of space to cook whatever you want—a large lasagna, a roast, side dishes and more.

### WideGlide™ Tray

Entire family meals like casseroles cook evenly every time by moving back and forth within the spacious 2.0 cu. ft. interior. The WideGlide™ tray not only moves, but provides plenty of room for large pans. This allows the flexibility for multiple dishes or one large piece of cookware like a 10" x 15" pan to cook all your family's favorites.

### Sensor Cooking Options

Cook a wide range of foods with microwave sensors that monitor and automatically adjust cooking time and power as needed.

### 10-Year Limited Parts Warranty\*\*

Select Maytag® over-the-range microwaves are backed by a 10-year limited parts warranty\*\* on the magnetron for dependable, long-lasting performance. The magnetron generates the energy needed to heat food. Without it, your microwave won't work, which is why Maytag brand covers it for 10 years.

## FIT system

# REVOLUTIONIZING WALL OVEN REPLACEMENT

With the FIT system, replacing your wall oven has never been easier. You can customize installation to your cabinet cutout\* so the hardest part is choosing which hard-working Maytag® oven fits your life...not your cabinet.

New wall ovens can leave space when installed in old cutouts

Adjustable inserts raise the height to cabinet level

Finishing trim covers the gap for a sleek, seamless appearance

\*Available on 27" and 30" double and single wall ovens. See product specifications for minimum and maximum installation dimensions.

**fit**  
SYSTEM

# Wall Ovens

### 10-Year Limited Parts Warranty\*

The oven elements are covered by a 10-year limited parts warranty\* to ensure the long-lasting performance Maytag brand is known for.

Visit [maytag.com](http://maytag.com) for warranty details.

### 8-Minute Power Preheat

This oven combines the power of the bake and broil burners, convection element and fan to preheat the oven 40% faster in 30" wall ovens.\*\* This way, your meals can get to the table quicker.

### Industry-Leading Capacities†

With industry-leading capacity† and power, Maytag® wall ovens deliver the space to get it all done and the power to get it done fast. Now you can cook everything from everyday meals to large family feasts with confidence.

### Industry-First FIT System

With the innovative FIT system, replacing your wall oven has never been easier. Adjustable inserts give you the flexibility to customize installation to your cabinet cutout,†† so the hardest part is choosing which hard-working Maytag® oven fits your life...not your cabinet.

### EvenAir™ True Convection with Third Element and Auto Conversion

With convection, you'll be able to roast foods up to 30% faster than a standard oven, while getting uniform browning and outstanding baking performance. Plus, Auto Conversion converts standard time and temperatures to their convection equivalents, making sure your legendary family recipes come out perfect.

# Cooktops

### Sleek Styling

The frameless design and smooth, seamless surface on Maytag brand built-in cooktops provide a streamlined, premium look to any kitchen. Pair a cooktop with a redesigned wall oven for a powerful cooking package that will update any kitchen.

### Smoothtop Glass-Ceramic Surface

This smooth, shatter-resistant cooktop can be easily cleaned. It also resists scratching, chipping and cracking, which keeps it looking better, longer.

### Stainless Steel Surface with DuraClean™ Continuous Die-Cast Metal Recessed Grates

Recessed grates bring a sleek, commercial look to the cooktop and allow for pots and pans to smoothly slide around for fewer spills and easier transition.

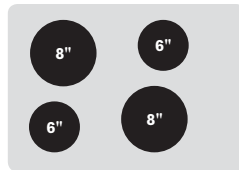

### Power Cook Burner

At 15,000-BTUs, this burner provides the power necessary for faster boiling and better searing. It's ideal for large jobs like stir-frying and canning.

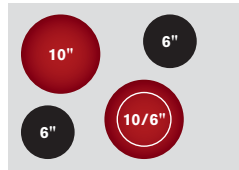

### Flex-Choice™ Simmer Burner

Cook a variety of sauces and soups on this burner. With adjustable levels of heat, from 5,000-BTUs down to 1,000-BTUs, it provides a full-power simmer burner and warm setting in one.

**#****10-Year Limited Parts Warranty\***

Some Maytag® cooktops, microwaves, ovens and ranges include select components backed by a 10-year limited parts warranty\* for long-lasting performance.

**2X Life Tested\*\***

Select durable Maytag brand parts are tested to twice the average life expectancy to help ensure years of dependability.

**A****Add 1 Minute Option**

Allows you to add one minute instantly to any microwave cycle already in progress.

**AquaLift® Self-Cleaning Technology**

The odor-free, low temperature self-cleaning technology that takes less than an hour. An innovative coating on the interior activates with water and heat to release tough, baked-on soils from underneath so food and debris easily wipe away.

**Auto Conversion Option**

On freestanding ranges, converts temperature when using EvenAir™ true convection cooking, helping to eliminate guesswork.

**B****Better Built Components**

Select Maytag® cooking products feature certain components that are Better Built, providing the enhanced performance Maytag brand is known for.

**Bridge Element**

This element connects two cooking elements to help accommodate longer cookware for more cooking flexibility.

**C****Charcoal Filter**

High airflow passes through this filter to quickly and efficiently help neutralize odor and remove steam from the kitchen.

**Closed Door Broiling**

Allows you to cook food without overheating the kitchen or letting food odors escape.

**Convect Conversion Option**

See Auto Conversion.

**Cook & Hold Setting**

Automatically reduces oven temperature after cooking time is up, keeping dishes warm for up to one hour.

**D****Delay Bake Setting**

Lets you program the oven to begin cooking at a preset time so dinner is conveniently ready when you need it to be.

**Delay Clean Setting**

Lets you program the oven to begin the self-clean cycle at a preset time when it's most convenient for you and your schedule.

**Dual-Choice™ Element**

Allows you to match the element size to the pan size for more even heating and extended cooktop flexibility.

**DuraClean™ Heavy-Duty Continuous Die-Cast Metal Burner Grates**

Makes using and moving large pots and pans easier. The durable porcelain-coated die-cast metal surface takes a scrubbing and resists scratching to stay looking its best.

**E****EvenAir™ Convection**

A fan evenly circulates air, providing a consistent oven temperature for uniform browning, even baking and faster roasting.

**EvenAir™ True Convection**

Uses a high-wattage element and fan to roast up to 30% faster than a standard oven and keep oven temperatures consistent to provide uniform browning and even baking.

**F****FIT System**

Adjustable inserts give the flexibility to customize wall oven installation to the cabinet cutout,<sup>†</sup> so the hardest part is choosing which hard-working Maytag® oven fits your life...not your cabinet.

**Flex-Choice™ Simmer Burner**

Burner features adjustable levels of heat, from 5,000 BTUs down to 1,000 BTUs to provide a full-power simmer burner and warm setting in one.

**H****Heavy-Duty Hinges**

As part of Maytag brand's Better Built components, these hinges provide long-lasting stability for the oven door.

**Heavy-Duty Oven Racks**

These racks are 30% stronger than previous racks to support two 16-lb turkeys. Select models have a roll-out rack featuring full extension glides on ball bearings that slide out smoothly for easy access to large meals.

**Hidden Bake Element/Burner**

Creates a smooth oven floor, so spills are easy to clean without maneuvering around heating coils.

**Hot Surface Indicator Light**

Illuminates when the cooktop surface is hot to the touch, even after the heating element has been turned off.

**I****Induction Cooking**

This advanced cooking technology uses electromagnetic energy to quickly generate heat directly in the cookware, leaving the surrounding cooktop cool to the touch so food won't bake on.

**K****Keep Warm™ Setting**

Maintains food temperature so everything is hot and ready to serve at once.

**M****Max Capacity Racks**

This lower oven rack is recessed to provide maximum cooking capacity, making it perfect for large, items and holiday meals.

**P****Power Center Cooktop**

Various combinations of electric elements, induction elements and gas burners deliver high-performance options for more cooking versatility than ever before.

**Power Cook Element/Burner**

These high-heat elements and burners provide the power necessary for faster boiling and better searing. They're ideal for completing large cooking jobs, like stir-frying and canning.

**Power Preheat**

Preheats the oven faster than conventional Maytag® ovens to help prepare meals quicker. Gas models use Power Vents on the oven floors to improve air circulation for even quicker preheating.

**Precise Bake**

Heat is evenly distributed throughout the oven, consistently cooking items for flavorful results.

**Precise Broil**

Provides accurate broiling results and optimal browning every time.

**Precise Preheat**

Preheats the oven based on the actual temperature you select—not a preset time—for accuracy and better results.

\*Visit maytag.com for warranty details. \*\*Twice life testing based on accelerated 20-year life testing, normal cycle, average use.

†Available on 27" and 30" double and single wall ovens. See product specifications for minimum and maximum installation dimensions.

Fits cabinet cutouts from 26-15/16" to 29-7/16" for 27" and 30" single wall ovens. Fits cabinet cutouts from 48-7/8" to 52-3/16" for 27" and 30" double ovens.

**Precision Cooking™ System**

This cooking system combines Precise Preheat, Precise Bake and Precise Broil to provide dependable, even cooking throughout the oven for exceptional results and optimal performance.

**Precision Warming™ Center**

This dedicated fifth cooktop element keeps cooked food warm and frees up other elements for additional meal preparation.

**R****Reliable Electronic Touch Controls**

These easy-to-use touchpad electronic controls offer precise temperature adjustment.

**S****Sabbath Mode**

Overrides the oven's automatic shut-off function, keeping it active and making it possible to use the oven on the Sabbath without turning it on.

**Sealed Surface Burners with Electronic Ignition**

These burners are sealed for even heating and easy cleanup. Electronic ignition lights the burner without the hassle of a pilot.

**Self-Cleaning with Adjustable Levels**

Automatically cleans the oven according to a pre-programmed cycle that allows you to match the cleaning level to the amount of food buildup in the oven—light, medium or heavy.

**Sensor Cooking Options**

Cooks a wide range of foods by monitoring and automatically adjusting cooking time as needed.

**Smoothtop Glass-Ceramic Cooking Surface**

This easy-to-clean cooktop surface can be scrubbed without scratching the surface, keeping it looking great longer.

**Soften/Melt Option**

Gently and evenly soften or melt delicate food like cream cheese or chocolate without cooking or burning.

**Speed Heat™ Element/Burner**

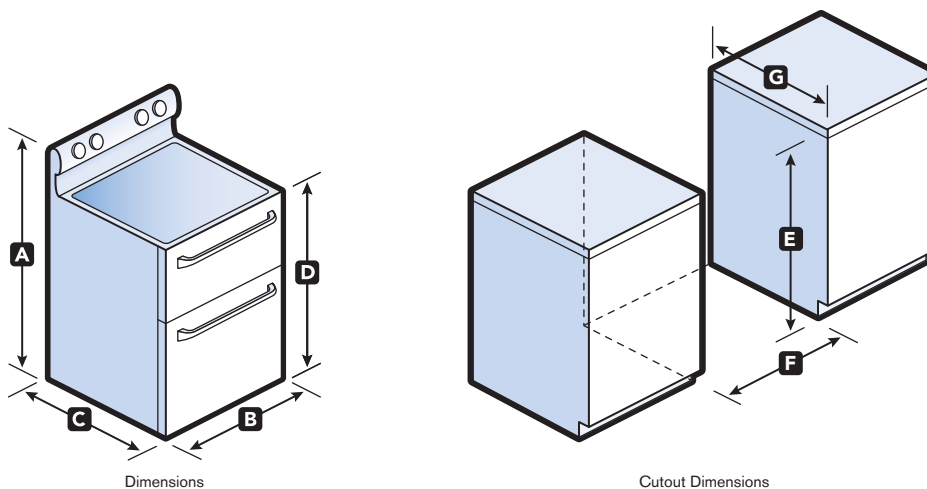

These 3,200-watt electric elements, 3,700-watt induction elements and 17,000-BTU burners are perfect for handling large cooking jobs such as searing steak or quickly boiling water.

**T****Triple-Choice™ Element**

Provides more cooktop options and ensures even heating by allowing you to match the cooking surface to the pan size.

**W****WideGlide™ Tray**

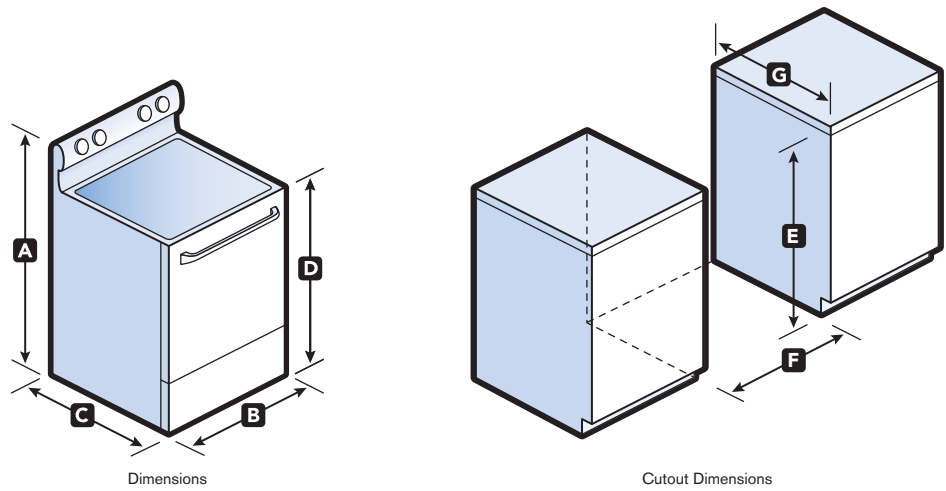

Designed to move throughout the microwave for uniform cooking results—even in cookware as large as a 10" x 15" pan.

### Laundry 1-2-3™ Adjustable Clothes Rack

Conveniently hang garments from any washer or dryer with this adjustable rack. The rack can be easily attached with scratch-resistant magnets to most full-size washers and dryers and is both collapsible and removable for quick, easy storage.

### XHS1000XX

Load Weight Rating: up to 120 lbs

### affresh® Washer Cleaner

**W10135699**

Effectively removes odor-causing residue from your washer. The affresh® Washer cleaner package includes three tablets.

### Dryer Lint Brush

**8212614**

Helps to extend dryer life and conserve energy for dryers with lint screens on top.

### Multi-Use Cleaning Brush

**4210463RW**

This brush can be used to clean under appliances, as well as on dryers with the lint screen in the front, and helps to extend dryer life and conserve energy.

### 6' Gooseneck Nylon Braided Fill Hose Kit (2-Pk)

**8212638RC (Retail clamshell)**

**8212638RP (Retail polybag)**

6' nylon-braided hose, space-saving 90° elbow with anti-corrosive couplings and pre-installed EPDM washers deliver maximum water flow. Everything needed for installation is included.

### Steam Hose Kit

**W10044609A**

For steam dryers. Includes (1) 5' hook-up hose, (1) 2' hook-up hose and (1) Y-connector. Packed in factory-certified parts polybag.

### Installer's Kit

**4396013RB**

Allows the wall vent to protrude up to 2-1/2" without having to be trimmed. Includes a 4' vent section that attaches to a close elbow, a 4' vent section that attaches to a wall offset and an extension collar.

### Washable Delicates Bag

**W10180464RP**

Protects small items from snags, tangles and tears while machine washing and drying. 15.5" x 16.5".

### Top Load Washer/Dryer Cover

**W10214580RP**

This gray cover fits most top load washers and dryers and helps to protect against environmental damage.

### Washer Drip Tray

**8212526**

Sits under the washer to protect floors from scuffs, spills and overflows. Includes PVC drain fitting and instructions. Will not fit 27" washer/dryer combination units.

**Cyst Water Filter**

**FILTER1 (W10295370A)**  
**FILTER2 (W10413645A)**  
**FILTER4 (UKF8001)**

This built-in PUR® filter reduces contaminants\* while retaining fluoride, giving you chilled, filtered water from your refrigerator for up to six months.

**Push-Button Non-Cyst Filter**

**FILTER3 (4396841)**

Reduces contaminants\* from household water while retaining fluoride, giving you filtered water from your refrigerator for up to six months. Features a simple push-button replacement.

**affresh® Stainless Steel Cleaner (16 fl. oz.)**

**W10355016**

Gently cleans fingerprints, smudges and residue to leave a streak-free, polished shine.

**affresh® Kitchen & Appliance Cleaner (16 fl. oz.)**

**W10355010**

Cuts through everyday spills to leave a streak-free shine. Available for use on appliances, refrigerator interiors, countertops, tubs and sinks.

**Ice Machine Cleaner (16 fl. oz.)**

**4396808**

Ideal for all freestanding ice machines. Cleans and removes build-up.

**FreshFlow™ Produce Preserver Starter Kit**

**P1FB6S1**

Fits in any refrigerator bin. Extends the freshness of produce in your refrigerator.\*\*

**FreshFlow™ Produce Preserver**

**FRESH1 (W10346771A)**

Helps keep produce fresh longer.\*\* Use both packets together. Replace every six months.

**FreshFlow™ Refrigerator Air Filter**

**AIR1 (W10311524)**

Reduces common food odors in the refrigerator. 15X more powerful than baking soda. Replace every six months.

**Refrigerator Deodorizer**

**8171398SRB**

Ideal for the low airflow and high moisture of the refrigerator, this filter absorbs powerful odors like onion, garlic and fish with high-absorbency activated coconut-shell charcoal.

\*The contaminants or other substances removed or reduced by this water filter are not necessarily in all users' water. Use only on municipally treated water or other supply known to be microbiologically safe. \*\*Based on commonly purchased produce.

**Microfiber Cleaning Cloth**

**31625**

All-in-one cloth dusts, polishes and damp cleans nearly any surface while reducing fingerprints without using chemicals. Up to 300 uses. Large size, 16" x 16".

**Freezer Deodorizer**

**4392894SRB**

Ideal for the high airflow and low moisture of the freezer, this filter traps odors before they are frozen in ice cubes (not from water supply) with high-absorbency activated charcoal.

**7' Industrial-Grade Refrigerator Water Hose**

**W10505928RP**

Includes everything needed for easy installation: 7' of braided tubing and fittings to provide water to ice makers and ice and water dispensers.

**Multi-Use Cleaning Brush**

**4210463RW**

Ensure maximum refrigerator efficiency with regular cleaning. Use this handy brush to remove hard-to-reach cobwebs, dust and other airborne particles.

**Egg Container**

**2219124A**

Gain easy access to eggs with this container. Holds 10 eggs.

**Silver Ultra-Finish or Stainless Steel Side Panels**

- Fits Maytag® side-by-side, french door and top-freezer refrigerators
- 1 side panel (fits either side)
- No tools required
- Kit includes everything you need for installation

**Stainless Steel Top Caps**

- Fits Maytag® side-by-side refrigerators built after 2008
- Cannot be used with Contoured Door refrigerators
- One cap adds 3" to refrigerator height
- No tools required
- Kit includes everything you need for installation

**affresh® Dishwasher Cleaner**

**W10282479**

Powers away film and unsightly residue left by some detergents. New formula is Designed for the Environment.\* Environmentally safer\* chemistry dissolves throughout the cycle. Safer to use with dishes.\*\* Contains six pucks.

**affresh® Disposal Cleaner**

**W10509526**

Foaming action works to loosen food and organic material to clean and deodorize. Carton contains four tablets.

**affresh® Stainless Steel Wipes**

**W10355049**

Gently cleans fingerprints, smudges and residue to leave a streak-free, polished shine. Contains 35 use & toss wipes, 7" x 9".

**affresh® Stainless Steel Cleaner (16 fl. oz.)**

**W10355016**

Gently cleans fingerprints, smudges and residue to leave a streak-free, polished shine.

**Dishwasher Swivel Gooseneck Fitting**

**W10273460**

This fitting is 3/4" x 3/8" for easy dishwasher installation. Brass fitting required on dishwashers produced after 2009.

**Universal Industrial-Grade Dishwasher Water Supply Kit (6' Hose)**

**W10278627RP**

Everything you need for easy installation including a 6' EPDM water supply line, two brass compression fittings, a brass elbow and a brass swivel gooseneck fitting.

**6', 3-Prong Dishwasher Power Supply Kit**

**W10278923RP**

This kit includes a 6', 90° power cord, a metal strain relief bracket and wire nuts for close clearance connections.

**12' Drain Hose**

**3385556**

This flexible drain hose for tall tub dishwasher models offers a no-kink design made for hot water.

**Tall Tub Dishwasher Side-Mounting Brackets**

**8212560**

For use with solid surface countertops.

\*Visit [epa.gov/dfe](http://epa.gov/dfe) for more information. \*\*Check manufacturer's suggested cleaning instructions on all dishwasher safe items.

**Dishwasher Floor Mounting Kit**

**4378968**  
Use when undercounter installation is not an option.

**Portable Dishwasher Conversion Kit-Tall Tub**

**W10322576**  
Used to convert a portable dishwasher to fit a built-in application. Includes installation instructions.

**Small Items Bag**

**8519716**  
Securely holds baby items, jar lids, etc. that would normally slip through the rack.

**Small Items Basket**

**3370993RB**  
Holds items that might slip through the rack, such as lids, measuring spoons, baby spoons or corn-on-the-cob holders.

**Dishwasher Rack Repair Kit**

**4396838RC (White)**  
**4396839RC (Blue)**  
**4396840RC (Gray)**  
Kit includes tine tips, vinyl touch-up material and adhesive to repair dishwasher racks. Includes enough for two racks.

**Microfiber Cleaning Cloth**

**31625**  
All-in-one cloth dusts, polishes and damp cleans nearly any surface while reducing fingerprints without using chemicals. Up to 300 uses. Large size, 16" x 16".

**Universal Industrial-Grade 6' Dishwasher Water Supply Kit**

**W10278636RC (Teflon tape)**  
**W10278635RC (No Teflon tape)**  
Includes (1) braided, reinforced hose, (2) 3/8" brass compression fittings, (1) 3/8" brass elbow and (1) 3/4" brass swivel gooseneck fitting.

**Undercounter Mounting Kit**

**W10426979**  
Works with all standard size dishwashers. Can be used with solid surfaces, including granite.

**6' Dishwasher Drain Hose**

**8269144A**  
Flexible drain hose for Tall Tub models.

**affresh® Cooktop Cleaner**

**W10355051**

Cleans glass and ceramic cooktops as well as glass cookware.

**Replacement Scrubbing Pads**

**W10391473**

Scrubbing pads are used to remove light soil or water spots. Safe for all glasses and ceramic surfaces. 20 Pack.

**Granite Cleaner and Polish (16 fl. oz.)**

**W10275756**

This granite cleaner and polish restores brilliance and color. Works on sealed granite and most stone surfaces and leaves a finish to help prevent staining.

**affresh® Kitchen & Appliance Cleaner (16 fl. oz.)**

**W10355010**

Cuts through everyday spills to leave a streak-free shine.

**Gas Grate & Grill Cleaner (4 fl. oz.)**

**31617A**

Cleans porcelain, glass, cast-iron or chrome surfaces. Use this mildly abrasive formula with water and a towel or sponge to effectively remove calcium, mineral deposits, rust, lime scale, soap scum, grease, food stains and spills.

**AquaLift®**  
Self-Cleaning  
Technology

**Oven Cleaning Kit**

**W10423113RP**

**W10510627RB**

**W10432017BU – 6-pack of expanding sponges**

Everything you need to clean both gas and electric ovens featuring AquaLift® self-cleaning technology. Includes one scraper, one scrubbing sponge and one expanding sponge.

**Heavy-Duty BBQ Brushes**

**18001088 (21")**

**W10281603 (16")**

Keep the grill clean and looking like new with these durable brushes.

**4' Gas Range Connector Kit**

**30-48KITRC**

Everything you need to hook up your gas range. Contains 4' connector, three fittings and sealant.

**40-Amp Range Power Cords**

**PT600 (6', 4-wire)**

**PT400 (4', 4-wire)**

**PT220 (4', 3-wire)**

To ensure a correct range installation that meets electrical requirements, a new UL-listed 40-amp power cord should be used.

**Anti-Tip Kit**

**8273888A**

For ranges. Attaches to floor to minimize movement. Installation instructions included. Packed in factory-certified parts polybag.

**Porcelain Broiler Pan & Grid**

**4396923RW**

Drains juice and helps prevent splatter and smoke, making cleaning up easy. 16.5" L x 12.5" W

**13" Brick Baking Stone**

**4378577**

Ideal for pizzas, breads, rolls, cookies and more. Evenly distributes heat for light and crispy brick-oven style cooking.

**Gourmet Griddle**

**4396096RB**

Thaws food quickly without heat and can be used on gas and electric cooktops and ranges to expand cooking surface.

**30" Split Oven Rack\***

**4396927**

Half shelf maximizes oven space. Allows for large items on one side while still using the upper shelf on the opposite side. Packed in factory-certified parts polybag.

**Microwave Crisper Pan**

**W10187336A**

Pan-fry, brown and crisp foods in the microwave. 12.25" Diameter x 1.5" Depth

**Universal Microwave Steamer**

**8205262RB**

Use these dishwasher-safe hard plastic components to steam fish, vegetables or rice. 13.75" H x 8.5" W x 5.25" D

**40-Watt Appliance Bulb**

**8009**

40-watt, 120-volt replacement bulb can be used for ovens, ranges, refrigerators and freezers.

**Countertop Microwave Trim Kit**

Create a built-in look with this trim kit for a countertop microwave. Everything needed for installation is included.
