2014 Glass Magazine People Award Finalists Announced

WASHINGTON, D.C., July 8, 2014—Glass Magazine has announced the finalists for the People categories of the Glass Magazine Awards. The prestigious glass and metal industry GMA program recognizes the best products and glass applications the commercial, retail and fabrication markets have to offer, as well as the people who make those achievements possible.

This year's program includes four people award categories, for which the industry submitted their picks for best installer, production supervisor, project manager and sales rep. After narrowing down the nominations to three finalists in each category, the Glass Magazine editors are looking to the industry to decide the winners.

Winners for the Glass Magazine People Awards are determined separately by their peers through an industry-wide online voting program, and will be announced in the September 2014 issue of Glass Magazine. Voting is currently underway. To read about the finalists and vote for the winners, visit www.glassmagazine.com/castyourvote.

Special thanks go to Glass Magazine Award sponsor GGI, Secaucus, N.J., for producing the 2014 Glass Magazine Award plaques, and to C.R. Laurence Co., Los Angeles, for supplying the hardware.

The 2014 Glass Magazine People Award finalists are:
